School Description

Cuyama Valley High is much more than a school; it is a community. This School Accountability Report Card (SARC) highlights our current achievements and outlines our plans for improvement. We strive to establish a closer relationship with our students and parents as we strengthen the ties between school and community. We invite greater involvement from all stakeholders in an effort to showcase the energy and professional dedication of the faculty and staff. Our teachers' continued training in technology, curriculum, and classroom strategies will ensure that students are prepared for the challenges and promises of tomorrow.

An intense focus on academic achievement is evident at Cuyama Valley High School. The faculty remains committed to serving the needs of all students. Becoming a vital center for learning that provides the best educational choices for all students in our attendance area is our most important goal. With an honest appraisal of the entire school program, teachers are building a dynamic environment that prepares all students for the ever-changing demands of our society.

Our District

Cuyama Joint Unified School District serves a community centrally located in the beautiful Cuyama Valley, a remote northeastern section of Santa Barbara County. The area is very rural with farming and natural resources the key industries. It is the District's philosophy that public education is of fundamental importance to a free society and to the continued development of democratic values, individual liberty and an appreciation for cultural diversity in society. The District's objective is to provide the guidance and resources necessary to insure an environment conducive to learning. In order for education to succeed, there must be an ongoing partnership between parents, students, educators, and the community. It is important to emphasize that the goal of our educational system is not to supplant parental responsibilities throughout the learning process. Rather, it is the policy of the District to foster parental participation in order that an educational climate is created which reinforces and fosters the positive and healthy development of the child. The District's first goal is to provide each student with the basic skills necessary to participate and function effectively in society. The District is committed to the goal of achieving academic excellence through a program of instruction and experiences which offers each child an opportunity to develop to the maximum of his or her individual capabilities.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

Cuyama Valley High School is in the process of updating all curriculum, selected from the most recent list of standards-based materials adopted by the State Board of Education. New English Language Arts curriculum, aligned with Common Core State Standards (CCSS) was adopted in the 2016/2017 school year. New mathematics curriculum, aligned with the Common Core State Standards, was adopted for the 2018/2019 school year.. Science curriculum will be purchased as soon as it becomes available. A history/social science program was piloted for the 2018/2019 and 2019/2020 school year. Staff will analyze the success of the program, and look to adopt the curriculum, based on student achievement data.

School Facility Conditions and Planned Improvements (Most Recent Year)

In addition to regular classrooms, Cuyama Valley High School has an administration building, library, full kitchen and cafeteria, industrial arts classrooms, and multipurpose gymnasium that are safe, clean, and provide adequate space for student and community activities. We have a computer classroom, a weight room, and tennis courts. The main campus was built in 1957.

Improvements have occurred with the passing of a local bond. Over the past two years, there has been asbestos removal, new flooring installed in all the classrooms and office, the demolition of the swimming pool and construction of new outdoor basketball courts. The electrical system was completely replaced in 2020.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district used a facility survey instrument developed by the State of California Office of Public School Instruction. The results of this survey are available at the school office or district office.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Our school is in good repair, according to the criteria established by the Office of Public School Construction. Our deficiencies are minor ones resulting from common wear and tear, and there are few of them. We scored between 86 and 100 percent on the 15 categories of our evaluation.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	18	N/A	33	N/A	50	N/A
Math	0	N/A	20	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parents are encouraged to be active participants in their child's education. They are encouraged to attend yearly parent-teacher conferences, Back to School Night, and the many sporting events and campus activities. Parents can be a part of School Site Council, District Advisory Council, and ELAC/DELAC committee, and are welcome to become volunteers on campus and at school events. Our parents also attend and participate in input sessions for the LCAP that are held throughout the year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

A School Safety Plan (Revised January 2021) is on file, and earthquake, fire, and lockdown drills are held regularly. While we pride ourselves on our safe community, we ensure that emergency response procedures are in place. Faculty, staff, and students are trained to exit the school buildings safely. Teacher responsibilities regarding student safety are reviewed during each school year. Classified staff members are also trained to assist in case of an emergency. Staff is on duty and assigned to monitor all students both in classrooms and on the school grounds.

The school is aware of and complies with laws and regulations regarding hazardous materials. Laboratory and chemical supplies are carefully housed, and their use is diligently monitored. A regularly scheduled maintenance program ensures classrooms, restrooms, and other facilities are kept in good repair.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	3.5	8.3	0.3	5.2	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	3	6	2.5
Expulsions	0	0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Ratio of Pupils to Academic Counselor (School Year 2019-2020)

Title	Ratio
Academic Counselor*	0

*One full time equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

*Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	10	10	10

For the 2018-2019 school year, after examining student data and gathering teaching input, it was determined that staff development would focus on Universal Design for Learning (UDL) and social-emotional learning. Support has been provided by the Santa Barbara Office of Education with one-on-one coaching and after school workshops, along with conference attendance. Teachers meet frequently to discuss data. In moving forward with the 2019-2020 school year, educators are continuing to deepen their knowledge of UDL, and have added discovering more about the Social Emotional Learning components of UDL. One-on-one coaching is still a practice, along with after school workshops. Several teachers are part of the Multi-Tiered Systems of Support (MTSS) team and have attended training in positive behavioral supports.

Cuyama Valley High School has continued to develop and deepen practices with on-going professional development in the realms of MTSS and UDL for the 2020-2021 school year. With the advent of distance learning, as necessitated by COVID-19, professional development was added to better support teachers utilizing this new model. Seminars on Zoom and Canvas have been implemented, along with one-on-one coaching sessions provided by the Santa Barbara County Office of Education.

Career Technical Education Programs

Cuyama Valley High School is dedicated to preparing students to be successful whether they choose to further their education or enter the workforce. The CTE courses fit well with academic courses. Agriculture Chemistry, Agriculture Biology, and Agriculture Physics have been A-G approved. Most CTE courses are A-G approved, so that all students have as many options as possible available to them upon graduation. For the 2019-2020 school year, the agriculture pathway is in place. Students are evaluated through a skills assessment upon the completion of agriculture courses. Kendy Fetterman is the primary representative of the advisory committee with local agriculture industries represented on the committee.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
