2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

| **SARC Overview**	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
	- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
	- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Cuyama Elementary is a rural school serving students from a forty mile radius, covering three counties. It is located in the scenic Cuyama Valley, educating kindergarten through eighth grade students taught by six highly qualified teachers, one intervention teacher, and one special education teacher. Three instructional assistants work closely with teachers to address student needs and to try to close the learning gap of students.

Cuyama Elementary School is dedicated to the ideals of academic excellence and to the personal and social development of our students. Academic integrity is fostered in a climate which respects the unique needs of each individual. Our students develop a positive self-image, respect for the rights of others, and the ability to communicate effectively, think critically, meet challenges, and accept responsibility. Cuyama has the following expectations consistently reinforced in all classrooms and areas of the school: Be Responsible, Excel Together, Actively Participate, Respect All, and Safety First.

Our staff is continually looking to meet the needs of our students, thirty percent of whom are English Learners, and eighty-three percent who are socioeconomically disadvantaged. Meeting those particular students' needs have been a focus of staff professional development. One of Cuyama Elementary's greatest strengths is the small class sizes. Students are respected learners at our school and develop personal connections with staff.

Family involvement is increasing at Cuyama Elementary slowly as we have come out of the Covid-19 pandemic. Many parents are active members in School Site Council, the English Learners Advisory Committee, the District Advisory Council. Active parents also support our students. There is a high participation rate in parent-teacher conferences and campus events. We are continually seeking avenues to encourage more family support. We are working on a schools community implementation 5year grant to support our students and families as the schools are community hubs.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Cuyama Joint Unified School District chooses its texts and materials from the list most recently adopted by the State Board of Education. Students have textbooks from the most current lists and textbooks are aligned with the California Common Core State Standards. The district, in accordance with the Williams Review, has ensured that all students have all textbooks and materials, and that they may take them home. Cuyama Joint Unified School District adopted a new English Language Arts curriculum in 2016, Mathematics in 2015, and is piloting new History/Social Science curriculum in the 2019-2020 school year. We still begin examining Science curriculum as it becomes available.

School Facility Conditions and Planned Improvements

Cuyama Elementary School is situated on 20 acres, and includes two large grassy playgrounds and fifteen regular classrooms. A new science lab for middle school was completed and the school received a new roof and paint in 2003. Additionally, new doors were installed to meet handicapped regulations, and the fire alarm system has been upgraded. New playground equipment was installed for the upper grades in the spring of 2002 and new playground equipment was installed for the primary grades in the summer of 2013. The driveway and parking lot was repaved in the summer of 2017. There is a Head Start PreSchool program housed on campus. There is space for baseball, soccer, football, and track activities, as well as a cafeteria/auditorium for performance events.

Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 89 and 100 percent on the 15 categories of our evaluation, with an overall percentage of 90.

B. Pupil Outcomes	**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results.   The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas.   Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents have several excellent opportunities to participate in their student's education. Formal parent-teacher conferences are held annually, with informal conferences held as student needs arise. Parents may join the School Site Council (SSC), District Advisory Council (DAC), and the English Language Advisory Committee (ELAC). All parents are welcome at the yearly meetings, and may contact the school office for dates.   Many campus events are planned with parent engagement in mind. These include the Winter Program, Halloween activities, and LCAP input sessions, and schools community input sessions. In 2022-2023, we held a very successful Winter Program and the Eighth Grade Dinner was also a huge success. This is the first time we held the Eighth Grade Dinner and show event since the Covid-19 pandemic. A school garden is in the planning and early implementation stages and parents have been and continue to be an integral part of this learning lab.   Parents are encouraged to be active participants in their child's education. It is expected that the garden planning will continue in 20232024 now that students are back for in-person instruction. In addition, the Santa Barbara Botanical Garden grant will support Cuyama Elementary School in bringing back native Cuyama Valley Plants to our school garden.

2023-24 School Safety Plan

A Site Emergency Plan (Revised January 2022)adopted on February 10, 2022, is on file, and earthquake, fire, and lockdown drills are held regularly. While we pride ourselves on our safe community, we ensure that emergency response procedures are in place. Faculty, staff, and students are trained to exit the school buildings safely. Staff and administration worked collaboratively to develop an updated lockdown procedure with successful implementation. Classified staff members are also trained to assist in case of an emergency. Staff is on duty and assigned to monitor all students both in classrooms and on the playground. In addition, the district annually reviews the Site Emergency Plan every January of each year. We do have new staff each year and we want to keep the plan updated with our current staff. In addition, we also assign responsibilities to staff members when there is an emergency.

The safety of students and staff is the primary concern of Cuyama Elementary. The school is aware of and complies with laws and regulation regarding hazardous materials. Laboratory supplies are carefully housed, and their use is diligently monitored. A regularly scheduled maintenance program ensures classrooms, restrooms, and other facilities are kept in good condition.

Professional Development

Based on student data evaluation and teacher input, the focus for 2022-2023 was developing teacher skills in the area of social-emotional learning, with the main emphasis being on Universal Design for Learning (UDL). Support has been provided by the Santa Barbara County Office of Education in the form of individual coaching, after school workshops, and conference attendance. Grade level span monthly meetings are conducted to reflect on practice and student data, with the opportunity for colleagues to provide support to each other. Grade level meetings and Professional Development was conducted in person and via Zoom for the 2022-2023 school year.

Teachers meet frequently to discuss data via Zoom and in person at times. In moving forward with the 2023-2024 school year, educators are continuing to deepen their knowledge of UDL, and discovered more about the Social Emotional Learning components of UDL. One-on-one coaching is still a practice, along with after school workshops. Several teachers are part of the Multi-Tiered Systems of Support (MTSS) team and have attended training in positive behavioral supports. In addition, differentiated assistance professional development on student academic progress is reviewed each year.

Cuyama Elementary School has continued to develop and deepen practices with on-going professional development in the realms of MTSS, Social Emotional Learning, and UDL for the 2022-2023 and 2023-2024 school year. With the school district returning to in-person instruction, professional development was added to support teachers working with social emotional students with one-on-one coaching sessions provided by the Santa Barbara County Office of Education.
