## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Sierra Madre Continuation High School is an alternative program that strives to provide educational support for students by offering a program designed to meet individualized student needs. Our goal is to make every student successful in obtaining a high school diploma, preparing for the completing the requirements to earn a continuation high school diploma, and/or returning to a traditional high school setting. We make every effort possible to recognize a student's individuality and work with them to improve their potential to have the very best possible future, both personally and as a productive citizen.

Students are offered an individualized approach that requires them to assume more responsibility for their education. A great deal of thought has gone into establishing a program that provides students with the opportunity to achieve a practical and effective high school education.

Sierra Madre Continuation High School is designed to include students who for reasons of health, social skills, emotional development, or family commitment cannot manage a full-day schedule at the comprehensive high school. Certain characteristics provide us with a better understanding of the fundamental objectives of a continuation/alternative education high school. The characteristics listed below are not all-encompassing, but do help to explain the basic education philosophy of Sierra Madre Continuation High School:

Our highest priority is an individual approach to education. Each student is given as much personal attention as possible.

Guidance and counseling services are present in all aspects of the student's curriculum. Students will assume personal responsibility for their educational growth, and by doing this, will receive more rewarding accomplishments.

The staff believes that the well-planned use of short-term goals and frequent rewards will encourage students to move forward in their education. A strong emphasis is placed on the importance of open and honest actions between adults and students. Students' observations of adults provide one of the most lasting impressions for role modeling. The program had a limited number of students at Sierra Madre for the 2022-2023 school year (a total of 3 students).

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

<b>Total Teaching Positions</b>			<b>13.00</b>	<b>100.00</b>	<b>274759.10</b>	<b>100.00</b>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Sierra Madre High School is in the process of updating all curriculum, selected from the most recent list of standards-based materials adopted by the State Board of Education. New English Language Arts curriculum, aligned with Common Core State Standards (CCSS) was adopted in the 2016/2017 school year. An integrated math program was adopted in 2018. New History/Social Science textbooks will be adopted by the end of the 2020/2021 school year. Science curriculum will be purchased as soon as it becomes available.

## School Facility Conditions and Planned Improvements

The main campus was built in 1957 and all facilities are in good working order. The electrical system was updated in 2020. In addition to regular classrooms, Sierra Madre Continuation High School has access to an administration building, library, full kitchen and cafeteria, and multipurpose gymnasium that are safe, clean, and provide adequate space for student and community activities. We have a computer laboratory, a weight room, and tennis courts.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district used a facility survey instrument developed by the State of California Office of Public School Instruction. The results of the survey are available at the school office or district office.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 86 and 100 percent on the 15 categories of our evaluation.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)					47	46
<b>Mathematics</b> (grades 3-8 and 11)					33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2022-23 Career Technical Education Programs

Sierra Madre High School students are focused on earning a high school diploma, and either entering the work force, join the Armed Services, or continuing their education. The instructor gives students individualized attention to help students reach their greatest potential and advises them on their future goals. Students are given ample opportunity to prepare for college and careers, which is integrated with their academic work. As Sierra Madre students, attending a shortened school day, they are not enrolled in CTE programs.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents are encouraged to help their students be prepared for every school day, and to ensure that they attend regularly. Sierra Madre Continuation High School supports parents in their efforts to provide a designated time and place for homework, to seek open communication with teacher(s), and to respond to school requests for conferences. Parents can join the district School Site Council (SSC), district English Language Advisory Committee (ELAC) to become involved with Sierra Madre Continuation High School. The School Site Council and English Language Advisory Committee meet at least four times a year to provide input on the LCAP and the Title I funding. These are excellent opportunities for parents to be involved in their student's educational experience.

## 2023-24 School Safety Plan

A Site Emergency Plan (Revised January 2022) and approved by the Board in February of 2022. This plan is on file (and on the Cuyama Joint Unified School District website), and drills for earthquake and fire are held regularly. While we pride ourselves on our safe community, we ensure that emergency response procedures are in place. Faculty, staff, and students are trained to exit the school buildings safely and are familiar with safe locations on campus. Teacher responsibilities regarding student safety are reviewed during each school year. Classified staff members are also trained to assist in case of an emergency. Staff is on duty and assigned to monitor all students both in classrooms and on the school grounds.

The school is aware of and complies with laws and regulations regarding hazardous materials. Laboratory and chemical supplies are carefully housed, and their use is diligently monitored. A regularly scheduled maintenance program ensures the one classroom, restrooms, and other facilities are kept in good condition.

## Professional Development

For the 2022-2023 school year, after examining student data and gathering teaching input, it was determined that staff development would focus on Universal Design for Learning (UDL) and social-emotional learning. Support has been provided by the Santa Barbara Office of Education with one-on-one coaching and after school workshops, along with conference attendance. Teacher frequently reviews data to plan instruction. In moving forward with the 2023-2024 school year, educator will continue to deepen his/her knowledge of UDL, and have added discovering more about the Social Emotional Learning components of UDL. One-on-one coaching is still a practice, along with after school workshops. Teacher participates in the Multi-Tiered Systems of Support (MTSS) and will be expected to attend training in positive behavioral supports.

Sierra Madre Continuation High School has continued to develop and deepen practices with on-going professional development in the realms of MTSS and UDL for the 2022-2023 and will continue to receive support in the 2023-2024 school year. With the return to in-person instruction in 2021-2022, 2022-2023, and beyond, professional development was added to better support teacher and students by receiving sessions on Social Emotional learning. Most SBCEO PD was conducted in person for the 2022-2023 school year. Sierra Madre Continuation High School teacher participates with one-on-one coaching sessions provided by the Santa Barbara County Office of Education. Sierra Madre had up to (3) students enrolled in the 2022-2023 school year for in-person instruction. We had the Sierra Madre teacher providing personalized instruction to up to (3) students during the 2022-2023 school year.
