- c. In SB county all but two school districts are open to at least part time in-person learning and have been more months.

Susan Klein-Rothschild (MSW) presented the following:

Susan shared what the SB County have learned from other TK – 12h grade schools that have returned for in-person learning. In Santa Barbara County, we have had almost 20 public school districts and 30 private schools return for in-person learning. Susan shared that since last September, we have found few transmissions of the virus at school. Most transmissions occur outside of school (at parties and family gatherings), and most of those were among the adults. Since vaccinations of school staff, the number of COVID cases has dropped dramatically and schools remain a safe place for students. The Cuyama Valley Family Resource Center has agreed to work with the school to vaccinated students over the age of 12 and their families.

LCFF Budget Overview for Parents

Local Education Agency (LEA) Name: Cuyama Joint Unified School District
CDS Code: 42 75010 0000000
School Year: 2021-22
LEA contact information: Alfonso Gamino, (661) 766-2482, agamino@cuyamaunified.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

This chart shows the total general purpose revenue Cuyama Joint Unified School District expects to receive in the coming year from all sources.

The total revenue projected for Cuyama Joint Unified School District is \$3,432,996.00 of which \$2,647,895.00 is Local Control Funding Formula (LCFF), \$311,564.00 is other state funds, \$109,103.00 is local funds, and \$364,434.00 is federal funds. Of the \$2,647,895.00 in LCFF Funds, \$464,930.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Cuyama Joint Unified School District plans to spend for 2021-22. It shows how much of the total is tied to planned actions and services in the LCAP.

Cuyama Joint Unified School District plans to spend \$3,422,545.00 for the 2021-22 school year. Of that amount, \$613,634.00 is tied to actions/services in the LCAP and \$2,521,006.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in in the LCAP for the 2021 – 22 School Year

In 2021-22, Cuyama Joint Unified School District is projecting it will receive \$464,930.00 based on the enrollment of foster youth, English learner, and low-income students. Cuyama Joint Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Cuyama Joint Unified School District plans to spend \$330,216.00 towards meeting this requirement, as described in the LCAP

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2020 – 21

This chart compares what Cuyama Joint Unified School District budgeted last year in the Learning Continuity Plan for actions and services that contribute to increasing or improving services for high needs students with what Cuyama Joint Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2020-21, Cuyama Joint Unified School District's Learning Continuity Plan budgeted \$553,596.61 for planned actions to increase or improve services for high needs students. Cuyama Joint Unified School District actually spent \$517,225.00 for actions to increase or improve services for high needs students in 2020-21.

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

The following 4 actions had significant differences between the budgeted and the actual expenditures:

- 01.01: Purchase additional materials for classrooms instruction including paper based materials and computer based services. The focus will be purchasing on CASS-aligned science and social science curriculum.
- 01.05: Provide PD for teachers and paraprofessionals on some of the following: MTSS, PBIS, ELD Standards, EL Redesignation, ELPAC. (focus to be determined based on needs at end of each year)
- 01.06: Provide a path for students to acquire CCR skills at the H.S. including more opportunities for college prep courses or instruction at the H.S. (licenses to online college prep courses, equipment for career tech classes)
- 01.10: Provide supplies for additional elective classes such as music or the culinary arts class.

Reasons for the difference in budgeted and actual expenditures are:

- 01.01: The district found that fewer instructional materials were needed as more digital resources were utilized.
- 01.05: The district found that more PD was needed to help develop the MTSS program. This accounts for the increase in spending.
- 01.06: The district spent more money than budgeted because of additional costs related to online learning licenses and one time purchases related to the CCR grant.
- 01.10: Because of budget shortfalls the district did not purchase supplies for these classes.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Successes:

New materials purchased for K-12 were supplemental and aligned to CASS. The district is still looking for appropriate CASS core materials in science. The district purchased and implemented social science curriculum for grades 9-12 and is piloting social science curriculum for K - 8. At the HS, students complete weekly assessments to determine needs in math. The HS also screens all students in RLA comprehension and fluency. College and Career participation has increased for all 9 - 12 Students through CTE courses and career guidance. Teachers have focused on Universal Design for Learning (UDL) and teachers in designated subjects receive Professional Development in ELPAC and CAASPP. Students have access to a number of college prep, A-G courses through both traditional and online courses. More A-G classes were offered this year than previously. A new Ag Business pathway was implemented. 100% of CTE courses meet A-G requirements. The number of students are enrolled in community college classes has increased. Performing artists continue to be brought in through UCSB Arts and Lectures. Middle school students have had the opportunity to take art and drama electives this year and a visiting artist was brought in to work with K-8 students. Students perform and show their work to the community. The writing program is utilized solely in RLA. Additional elective classes are available: including drama, foreign language, and a CTE pathway in agriculture. Greater opportunity is available through elective online learning opportunities. Increased resources have been available through Career Technical Education Incentive Grants (CTEIG) incentive grants and local donations from the community.

The superintendent/ high school principal is now a full-time position. The full-time presence of the principal on campus has increased the effectiveness of basic services especially discipline with 65% of parents saying that the administrators are helpful. All classrooms are staffed with appropriately assigned, fully credentialed teachers in all subject areas. All instructional support positions are appropriately staffed.. Eighty three percent of parents surveyed said the school's office staff is friendly and helpful. The ability of students to have a teacher that only teachers one grade level (not combo classes) has had a positive

effect on student performance. Transportation is provided to students most of the time. Transportation provided results in higher attendance and student success. The program coordinator is highly effective in ensuring the assessment program and the RTI program instructor continues to support the most at-risk students in their academic growth. She is also very good at communicating with the teachers about the students.

Challenges:

Limitations as a rural school district and decreasing budget, contribute to teacher loss and the resulting consolidation of classes, administrative turnover and inadequate supplies. Additionally, finding and giving a common assessment that can be used for grade levels K - 12 is a challenge, as is finding a CASS appropriate curriculum for K - 8. There are fewer opportunities for student exposure to the arts. These limitations impede the ability to provide Professional Development, particularly in the area of developing a better writing program. As the number of those who are A - G eligible increases and more students enrolled in college prep courses, the more difficult it is to make all the classes available. Social studies, science and electives should have a uniform system to help establish basic norms through out the district that are used horizontally and vertically.

With COVID-19 and its required changes, MTSS and PBIS were not implemented across HS and ES. We need a district- wide plan for PBIS. Lack of quality outdoor facilities limits participation and interest in baseball and softball.

Goal 2

School environment will be well maintained, sustainable, safe, welcoming and used by the community.

The following 2 actions had significant differences between the budgeted and the actual expenditures:

- 02.01: Reprioritize and implement year 4 actions in the Facilities Assessment and Cost Analysis Plan with priority given to the highest facility needs across the district.
- 02.02: Provide tech support at both campuses.

Reasons for the difference in budgeted and actual expenditures are:

- 02.01: Several of the projects to be funded by the bond were moved forward into this year.
- 02.02: There has been less on-site tech support provided this year than in past years. In addition, the new internet service allowed the district to cancel service on several T-1 lines.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Successes:

At the HS, the district worked on asbestos abatement and electrical wiring. Remote assistance is provided by LIMotta services. Overall, computers and other technological devices are maintained. The greater access to technology is giving students greater connectedness to school as evidenced by 74% of students stating they feel connected to school.

Challenges:

There are still no heaters at the HS. In spite of the progress/success in technology, some challenges still exist. Of concern is the internet bandwidth, IT support, and hardware and infrastructure improvements.

Goal 3

The school's social-emotional environment will be safe, welcoming, and conducive to student learning causing student connectedness with the district to increase.

- 03.06: Provide funding for athletic programs. (transportation, fees, equipment, uniforms, coaches and A.D. stipends, etc.)

Reasons for the difference in budgeted and actual expenditures are:

- 03.01: The district found that more PD and outside support time was needed to help develop the MTSS program. This accounts for the increase in spending 5000 object code spending.
- 03.06: Because of COVID and the cancellation of athletic events the district spent less money on athletics than was budgeted particularly on stipends and equipment.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Successes:

At the ES the academic (RTI) has been prioritized so far. The MTSS has a strong behavioral intervention system in place. ASES continues to attract and support more students each school year. Students receive targeted instruction, enrichment opportunities, including league athletics and field trips. Students are better prepared and progressing in their learning due to the effectiveness of the ASES program. The program supports over 30% of the K-8 students. The school connectedness rose from 44% to 70% for this group of students. Students who participate in sports report a higher connectedness with the school due to the sports programs. Most students participate in at least one sport throughout the school year. The district provides funding for athletic programs for three sports for both boys and girls. This year football and volleyball teams were funded.

Challenges:

With COVID-19 and its required changes, MTSS and PBIS were not implemented across HS and ES. We need a district- wide plan for PBIS. Lack of quality outdoor facilities limits participation and interest in baseball and softball.

Goal 4

Parent and community participation in and connectedness with the schools will increase.

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

No actions in this goal had significant differences between the budgeted and the actual expenditures:

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Successes:

Parent conferences are offered at the ES for all students and at the HS for struggling students. A District Advisory Committee (20% parents) meets monthly to advise the district about parent concerns. A "Promotores" Committee was initiated to engage mothers of Hispanic students. The district offers an ESL class for parents that is taught by the superintendent. The ESL class parents report a greater connectedness with the district and as a result the participation of these parents has increased. These parents have been participating in more school activities as a result.

Challenges:

Parent conferences have high participation rates and parents report a greater connectedness and engagement with the district. However, the conferences are limited to 15 minutes, which often is an inadequate time in which to fully communicate with the parents concerning their child. There has been one class to assist parents with their children's academics. Additionally, it has been a challenge to find qualified instructors for the parenting classes.

Goal 5

Staff all certificated and classified positions with appropriately skilled and credentialed people and provide all basic services needed to run the district.

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

The following 2 actions had significant differences between the budgeted and the actual expenditures:

- 05.04: Staff MOT at appropriate levels to maintain safe, clean, and inviting facilities and provide appropriate transportation.
- 05.05: Staff a Program Coordinator position that will run the: EL Program, RTI program, Assessment Program, ASES program.

Reasons for the difference in budgeted and actual expenditures are:

- 05.04: To save money some staff openings were not filled which reduced the FTE count in the MOT department.
- 05.05: The budget for this position was based on the average FTE costs of a certificated staff member. The person who filled this position cost less than that amount.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Successes:

The superintendent/ high school principal is now a full-time position. The full-time presence of the principal on campus has increased the effectiveness of basic services especially discipline with 65% of parents saying that the administrators are helpful. All classrooms are staffed with appropriately assigned, fully credentialed teachers in all subject areas. All instructional support positions are appropriately staffed. Eighty three percent of parents surveyed said the school's office staff is friendly and helpful. The ability of students to have a teacher that only teachers one grade level (not combo classes) has had a positive effect on student performance. Transportation is provided to students most of the time. Transportation provided results in higher attendance and student success. The program coordinator is highly effective in ensuring the assessment program and the RTI program instructor continues to support the most at-risk students in their academic growth. She is also very good at communicating with the teachers about the students.

Challenges:

Not enough support positions due to budget restraints. Two MOT positions were cut during the 2019-20 school year making it more difficult to keep facilities safe, clean and inviting. Due to lack of appropriate bus driver subs, transportation was not provided to ALL students. There is no direction for RTI or EL at the high school level.

Annual Update for the 2020-21 Learning Continuity and Attendance Plan

The following is the local educational agency's (LEA's) analysis of its 2020-21 Learning Continuity and Attendance Plan (Learning Continuity Plan).

In-Person Instructional Offerings

Actions Related to In-Person Instructional Offerings

Actions / Services

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
01.01: Purchase additional materials for classrooms instruction including paper based materials and computer based services. - The focus will be on purchasing new CASS-aligned curriculum that can be used in the current COVID environment, but also be used effectively in a traditional setting to facilitate learning when the transition to in-person instruction is made. (Teachers)	\$39,000	\$30,066	N
01.05: Provide PD for teachers and paraprofessionals on some of the following: MTSS, PBIS, ELD Standards, EL Redesignation, ELPAC. - The MTSS components of this action shall focus in strategies that can be employed in both a distance learning environment and can also be used during in person instruction. (PD Plan , Teachers)	\$9,411	\$9,259	Y

A description of any substantive differences between the planned actions and/or budgeted expenditures for in-person instruction and what was implemented and/or expended on the actions.

The following action had significant differences between the budgeted and the actual expenditures:

- 01.01: Purchase additional materials for classrooms instruction including paper based materials and computer based services. - The focus will be on purchasing new CASS-aligned curriculum that can be used in the current COVID environment, but also be used effectively in a traditional setting to facilitate learning when the transition to in-person instruction is made.

The reasons for the difference in budgeted and actual expenditures is:

- 01.01: The district found that fewer instructional materials were needed as more digital resources were utilized.

Analysis of In-Person Instructional Offerings

A description of the successes and challenges in implementing in-person instruction in the 2020-21 school year.

The LEA used the following state and/or local data as well as stakeholder focus group feedback to inform the analysis of the *In-Person Instructional Offerings* program.

8.H.32 - % on the ESE District Parent Survey who said, I feel confident in the school's reopening plan thus far. - 55.2%

8.H.34 - % on the ESE District Parent Survey who said, The school has adequate personal protective equipment for classrooms. - 75.9%

Successes:

New materials purchased for K-8 were supplemental and aligned to CASS. The district is still looking for appropriate CASS core materials in science. A social science curriculum for grades K-12 was piloted with plans to purchase. Still need to purchase history curriculum and science curriculum. Teachers have been receiving PD throughout the school year, with a focus on the new CASS ELA curriculum, the ELD Frameworks, and the NGSS. Training is occurring in MTSS. The new ELA curriculum has been implemented in all classrooms, with increasing effectiveness as teachers continue to receive further PD. More EL students are being re-designated with the new criteria. Additionally there has been an increase in PD on how teachers can provide basic life skills to students (check writing, investing, banking, credit, taxes, etc.)

Challenges:

Professional Development has been difficult this year with the COVID-19 shutdown, but teachers and staff received PD in CPI. Fitting everything into the curriculum is a challenge. Teachers said that the supplemental materials have been useful in providing better instruction, but they are still anxious to get a core science curriculum and to implement one of the piloted social science curriculums. Challenges include cost and time for curriculum committee to meet.

Distance Learning Program

Actions Related to Distance Learning Program

Actions / Services

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
02.01: Purchase new laptops so that each student has one including setup costs. - These devices shall be available so that all students can have secure access to the LEA's distance learning instruction. (Superintendent)	\$147,475	\$149,271	N
02.02: Purchase wireless hotspots for use by all students in need. The purchase is for a month to month contract for each individual hot spot device. - These devices shall be available so that all students can have secure access to the LEA's distance learning instruction. (Teachers)	\$51,888	\$43,000	N
02.03: Purchase Zoom, Seesaw, Canvas, Kahoot, Odyssey, Khan Academy, and Microsoft Teams licenses for delivery of online curriculum. - These platforms will be licensed to provide both synchronous and asynchronous learning and with the idea that they can continue to be used once the transition to in person instruction is complete. (Teachers)	\$26,000	\$19,339	N
02.04: Provide PD focused on digital resources and tools, best practices on delivery of synchronous and asynchronous online instruction, setting online norms, Zoom, Canvas, Odyssey, and Microsoft Teams. (Teachers)	\$8,449	\$3,700	N

A description of any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions.

The following 3 actions had significant differences between the budgeted and the actual expenditures:

- 02.02: Purchase wireless hotspots for use by all students in need. The purchase is for a month to month contract for each individual hot spot device. - These devices shall be available so that all students can have secure access to the LEA's distance learning instruction.
- 02.03: Purchase Zoom, Seesaw, Canvas, Kahoot, Odyssey, Khan Academy, and Microsoft Teams licenses for delivery of online curriculum. - These platforms will be licensed to provide both synchronous and asynchronous learning and with the idea that they can continue to be used once the transition to in person instruction is complete.
- 02.04: Provide PD focused on digital resources and tools, best practices on delivery of synchronous and asynchronous online instruction, setting online norms, Zoom, Canvas, Odyssey, and Microsoft Teams.

Reasons for the difference in budgeted and actual expenditures are:

- 02.02: The cost was lower than budgeted because the district was able to negotiate better pricing for the service.

- 02.03: The budgeted amount for 2020 was difficult to plan because of COVID and the fact that the district had never purchased these licenses before. The result was that the district spent less on these licenses than expected.
- 02.04: The budgeted amount for 2020 was difficult to plan because of COVID. The result was that the district spent less on this PD than expected.

Analysis of Distance Learning Program

A description of the successes and challenges in implementing each of the following elements of the distance learning program in the 2020-21 school year, as applicable: Continuity of Instruction, Access to Devices and Connectivity, Pupil Participation and Progress, Distance Learning Professional Development, Staff Roles and Responsibilities, and Support for Pupils with Unique Needs.

The LEA used the following state and/or local data as well as stakeholder focus group feedback to inform the analysis of the *Distance Learning Program* program.

- 8.H.35 - % on the ESE District Parent Survey who said, My child has access to the necessary devices to be successful using distance learning. - 75.9%
- 8.H.36 - % on the ESE District Parent Survey who said, My child has access to an internet connection that is reliable and fast enough for distance learning. - 55.2%
- 8.H.38 - % on the ESE District Parent Survey who said The school has been helpful in offering resources and support for distance learning. - 72.4%
- 8.H.40 - % on the ESE District Parent Survey who said, The school has done a good job of providing distance learning to my student. - 69.0%

Successes:

Surface pros and laptops were purchased for all student use with state COVID-19 money. We learned to use Zoom, Seesaw, Microsoft Teams, and Odyssey. The district provided us with about five days of training and Amy and Michael did additional training.

Challenges:

Not all teachers use the same platform requiring students to learn more than one platform. Unsure which platform is used by the district, Internet access was a challenge for many. State funded hotspots did not consistently or effectively work in the valley. There was a lack of formal hands-on training. Asynchronous online instruction makes it difficult to keep students engaged. This makes it especially difficult for our special populations.

Pupil Learning Loss

Actions Related to Pupil Learning Loss

Actions / Services

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
03.01: Continue to develop the MTSS tiered intervention system for all students (K-12) in need of strategic or intensive academic, behavioral (PBIS), and social emotional interventions. The academic interventions will include both ELA and Math and will comply with SBE time recommendations. - The MTSS components of this action shall focus in strategies that can be employed in both a distance learning environment and can also be used during in person instruction. (PD Plan , Teachers)	\$2,260	\$1,842	Y
03.02: Provide funding to run the ASES program to support student academic achievement and social-emotional success including, tutors, supplies, and transportation. - The LEA will continue to provide for the after school program to support students who may be falling behind with additional learning opportunities. (ELD Coordinator)	\$53,639	\$39,951	Y
03.06: Provide funding for athletic programs, (transportation, fees, equipment, uniforms, coaches and A. D. stipends, etc.) - The LEA plans to have a full complement of sports starting after the semester break. (Principal)	\$16,941	\$12,908	N

A description of any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions.

The following 2 actions had significant differences between the budgeted and the actual expenditures:

- 03.02: Provide funding to run the ASES program to support student academic achievement and social-emotional success including, tutors, supplies, and transportation. - The LEA will continue to provide for the after school program to support students who may be falling behind with additional learning opportunities.
- 03.06: Provide funding for athletic programs, (transportation, fees, equipment, uniforms, coaches and A.D. stipends, etc.) - The LEA plans to have a full complement of sports starting after the semester break.

Reasons for the difference in budgeted and actual expenditures are:

- 03.02: There were significant savings on ASES expenditures this year due to COVID. For example transportation costs were eliminated because students did not come to school.
- 03.06: Because of COVID and the cancellation of athletic events the district spent less money on athletics than was budgeted particularly on stipends and equipment.

Analysis of Pupil Learning Loss

A description of the successes and challenges in addressing Pupil Learning Loss in the 2020-21 school year and an analysis of the effectiveness of the efforts to

address Pupil Learning Loss to date.

The LEA used the following state and/or local data as well as stakeholder focus group feedback to inform the analysis of the *Pupil Learning Loss* program.

8.H.4.1 - Most frequent response on the ESE District Parent Survey to the question, On average my child spends the following time on distance learning each day: - 4-5 hrs

8.H.4.2 - Most frequent response on the ESE District Parent Survey to the question, My child should spend the following amount of time on distance learning: - current amount

Successes:

Teachers are doing the best in a difficult situation. Many are doing afternoon sessions with their students. ASES instructors are focusing on increasing student-to-student socialization. Many teachers are doing afternoon sessions with their students. Student morale is sustained. Students are able to spend time outdoors and socialize to a certain degree.

Challenges:

There are few to zero strategies for students to get the MTSS they need at either school site. Zoom is not ideal or as beneficial as it needs to be for most students. Students are struggling with too much screen time (Zoom). Participation has decreased. Not being able to provide necessary resources limits teachers' instruction capabilities. SBE need to be more accessible for teachers. Due to COVID-19 restriction, the football season began later and basketball is set to begin in mid-to-late April. New costs have arisen eg, face masks, testing, cleaning and sanitizing equipment. Lack of quality outdoor facilities limits participation and interest in baseball and softball.

Analysis of Mental Health and Social and Emotional Well-Being

A description of the successes and challenges in monitoring and supporting mental health and social and emotional well-being in the 2020-21 school year.

The LEA used the following state and/or local data as well as stakeholder focus group feedback to inform the analysis of the Mental Health and Social Emotional Well-Being program.

8.I.1 - During the past 12 months, did you ever feel so sad or hopeless almost every day for two - 31%

Successes:

Counseling services were provided when needed. The district had protocols in place for staff, students and parents to support those in need of mental and social-emotional health interventions.

Challenges:

Having students on distance learning was the biggest challenge in providing social emotional support. It took a paradigm shift for staff to be able to better support student emotional well-being during remote learning.

Analysis of Pupil and Family Engagement and Outreach

A description of the successes and challenges in implementing pupil and family engagement and outreach in the 2020-21 school year.

The LEA used the following state and/or local data as well as stakeholder focus group feedback to inform the analysis of the Pupil and Family Engagement program.

3.A.1 - % on the District Parent Survey agreeing that district seeks parent input (Item 24) - 64.7%

8.H.1 - % on the ESE District Parent Survey who said, I receive frequent communication from my child's school about upcoming events. - 75.9%

8.H.2 - % on the ESE District Parent Survey who said, I receive frequent communication from my child's school about my child's academic progress. - 79.3%

Successes:

The district had success with the following strategies for keeping students and families engaged:

- Use the weekly student support roster/C(SIS) to track student participation.
 - Identify students who are not fully participating or identified as "low participation" for tier 2. (Full participation is defined as full participation in both synchronous and asynchronous instruction.)
 - Use the parent communication system to inform families that their pupil is not fully participating in distance learning.
 - Make person to person direct contact with parents/guardians of students with low participation.
 - Conduct virtual home visits.
- In addition, the district avoided combo classes at the Middle school grades.

Analysis of School Nutrition

A description of the successes and challenges in providing school nutrition in the 2020-21 school year.

The LEA used the following state and/or local data as well as stakeholder focus group feedback to inform the analysis of the School Nutrition program.

8.J.1 - % of students who had access to nutritious healthy meals each day of the week - 100%

Successes:

The district provided "grab and go" meals to the community. These "grab and go" meals consisted of a lunch and breakfast for the following morning. The service

was provided at two locations, one in Ventucopa and one at the Rec Hall in town.

Challenges:
Logistically it was challenging to provide the meals to the community and to ensure that all students in need received these meals.

Additional Actions and Plan Requirements

Additional Actions to Implement the Learning Continuity Plan

A description of any substantive differences between the planned actions and budgeted expenditures for the additional plan requirements and what was implemented and expended on the actions.

The following action had significant differences between the budgeted and the actual expenditures:

- 04.02: Provide workshops to assist parents in supporting their children academically, learning at home strategies, parenting, 21st Century Skills, health and wellness and understanding the CA educational system. - Parents will be given strategies to support student learning in a distance learning environment.
- 05.05: Staff a Program Coordinator position that will run the: EL Program, RTI program, Assessment Program, ASES program. - This position will be the district lead on intervening with Pupil learning loss at the K-8 level.

The reasons for the difference in budgeted and actual expenditures is:

- 04.02: Due to COVID these workshops did not occur except for small remote support sessions.
- 05.05: The budget for this position was based on the average FTE costs of a certificated staff member. The person who filled this position cost less than that amount.

Overall Analysis

An explanation of how lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021-24 LCAP.

There were many lessons learned from implementing in-person and distance learning programs in 2020-21 that have informed the development of goals and actions in the LCAP. The first lesson was the importance of a robust and resilient technology infrastructure. While the district had a comprehensive technology plan in place it was not designed to support or ensure access to students in remote locations. When the COVID pandemic began the district did not have sufficient ready devices and hotspots to accommodate all of our students. The district was able to quickly secure devices, but supporting students remotely when devices didn't was problematic. the district recognized that we need to make out IT more resilient.

Another lesson was the effect of learning loss on students due to remote learning. While all stakeholders did an amazing job under the circumstances remote learning methods are not ideal for most students and many students suffered learning loss because of it. One of the ways the district plans to combat learning loss was through frequent use of diagnostic and formative assessments in conjunction with targeted learning plans for students with learning loss and in instances where possible the district plans to accelerate their learning out of learning loss with additional timeduring the summer, after-school or during school.

An explanation of how pupil learning loss continues to be assessed and addressed in the 2021-24 LCAP, especially for pupils with unique needs.

To assess pupil learning loss CJUSD continues to review data assessment data from the following sources on a regular basis.

- Student performance on DIBELS.
- Student performance on the CAASPP Interim assessment.
- Student performance on teacher administered content assessments.
- Student performance on the ELPAC along with additional ELD formative assessments during the school year.
- Teachers' holistic assessment of student progress.
- Surveys of students and parents

To address the loss of learning the LEA has the following actions in the LCAP.

- 01.01: Staff additional classrooms with teachers that are appropriately assigned and fully credentialed according to small district requirements, to minimize combo classes at the ES and to provide additional periods at the HS in ELA, ELD, and Math designed to provide support for unduplicated students.
- 01.03: Staff a Program Coordinator position that will run the: EL Program, RTI program, Assessment Program, ASES program. This position will be the district lead on intervening with Pupil learning loss at the K-8 level.
- 02.02: Continue to develop the MTSS tiered intervention system for all students (K-12) in need of strategic or intensive academic, behavioral (PBIS), and social emotional interventions. The academic interventions will include both ELA and Math and will comply with SBE time recommendations.

A description of any substantive differences between the description of the actions or services identified as contributing towards meeting the increased or improved services requirement and the actions or services implemented to meet the increased or improved services requirement.

Substantive differences are detailed within each section of the annual update.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

The LEA is most proud of the progress on the following state and local indicators.

35.7% - % meeting standard on CAASPP ELA

22.8% - % meeting standard on CAASPP Math

The LEA has included the following actions in the LCAP to assist in maintaining and building upon this progress: 01.01, 01.04 and 02.02. These actions deal with minimizing combo classes at the ES and to provide additional periods at the HS and continuing to develop the MTSS tiered intervention system.

The LEA is proud of the growth on CAASPP from 34.4% to 35.7% in ELA and from 16.7% to 22.8% in Math.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

The following state indicators were Orange or Red.

22.8% - % meeting standard on CAASPP Math

11.3% - Chronic absenteeism rate (CA Dashboard, Status)

2.3% - Suspension rate (CA Dashboard, Status)

The LEA has included the following actions in the LCAP to improve performance on these indicators: 02.02, 02.03, 02.06 and 02.07. While the CAASPP Math outcome was identified as a success, the LEA also feels it is a need to continue to improve upon the growth that has been made.

Actions that the LEA will take to address these needs are: continue to develop the MTSS tiered intervention system and providing a robust ASES program. In addition to these the LEA will continue to support the athletic programs and provide socialization activities such as dances, parties, community service projects, etc.

There were no state indicators on the 19-20 school year CA School Dashboard in which any student group was two or more performance levels below the all student performance.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2021-22 LCAP has the following goals as top priorities:

- 01 - Ensure that all students can demonstrate proficiency in math and literacy skills for multiple College and Career Readiness options using both in-person and distance learning instructional opportunities.
- 02 - Develop the physical, and social-emotional health of students in a physically, socially and emotionally safe environment causing connectedness with the district to increase

To measure this progress the LCAP calls for the following expected outcomes:

- 40% - % meeting standard on CAASPP ELA
- 25% - % meeting standard on CAASPP Math
- 80 - # on the *District School Climate Survey* overall index rating

The following actions are designed to assist in meeting the highlighted goals: 01.01, 01.04 and 02.02

- 01.01: Staff additional classrooms with teachers that are appropriately assigned and fully credentialed according to small district requirements, to minimize combo classes at the ES and to provide additional periods at the HS in ELA, ELD, and Math designed to provide support for unduplicated students. (FTE @ \$95,990 / FTE)

Stakeholder Engagement

DRAFT

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

The board was informed about the LCAP progress, LCFF and progress towards the LCAP metrics during board meetings on 4/8/2021 and 5/13/2021.

The CJUSD administration team met to discuss both current year and next year's LCFF, LCAP, and progress towards completion of LCAP Actions on 3/19/2021. During these meetings the admin team discussed all five sections of the LCAP and how all goals and the eight state priorities are covered by various actions in the plan. The group specifically discussed progress on last year's LCAP (Annual Update) and began initial planning for the coming year's LCAP. Administration input into the LCAP was informed by the following factors: discussions with teachers, classroom observations, daily professional experiences, professional judgment, and student achievement data.

CJUSD conducted a focus group with certificated staff local bargaining unit members on 3/1/2021. During the focus group a facilitator reviewed: the LCFF, the LCAP's purpose, the eight state priorities, the district's current LCAP including the district's goals, metric data, and key actions. Once the review was complete the focus group was broken into small groups. Each group was tasked with identifying traits that they want students to acquire, and actions that the district could take that would assist students in developing these traits. The groups then wrote the student traits and supporting actions on "digital" posters. These posters were then shared out with the rest of the group. After the focus group meeting the traits and actions on the posters were then aggregated and used to modify the district's goals as well as identify new and continued actions for the LCAP. The results can be found in the 2nd response section of this stakeholder engagement section of the LCAP. An identical focus group process was used for the classified staff, student and parent / community stakeholder groups.

CJUSD conducted a focus group with the classified staff local bargaining unit members on 3/1/2021.

CJUSD conducted a focus group with the student stakeholder group on 3/2/2021.

CJUSD conducted a focus group with the parent / community stakeholder group on 3/1/2021.

CJUSD's LCAP Committee met on 3/29/2021 and 4/26/2021. The committee consists of parents of low income students, English learners, and students with special needs. This body serves as the district's Parent Advisory Committee. During this meeting the committee reviewed the purpose of the LCAP and the eight state priorities. Once these topics were covered the committee began a review of both the progress on the current LCAP (Annual Update), and the coming year's Draft LCAP. All five sections of the Draft LCAP were reviewed. The committee members were asked for any concerns about or comments to the draft. The members were also asked if anyone wanted to submit written questions to be answered by the superintendent.

CJUSD met on 3/26/2021 with the SELPA to receive technical support for special education actions in the LCAP.

CJUSD's DELAC met on 3/29/2021 and 4/26/2021. During this meeting the DELAC reviewed the purpose of the LCAP and the eight state priorities. A process similar to that used with the LCAP Committee meetings was followed in the DELAC meetings.

The Draft LCAP was posted on CJUSD's website for review on 4/26/2021.

A group of certificated staff, classified staff, parents, and students served as the primary group used to conduct the Annual Update. This group consisted of parents of, low income students, english learners, and student with special needs along with certificated and classified bargaining unit members, administrators,

and students. This committee met on 3/29/2021 to review the progress made on the previous LCAP and LCP. The committee was tasked with determining the percentage of each action that had been completed along with creating a brief narrative describing the progress made on each action. To facilitate the process the committee was briefed on the state purposes and guidelines for LCFF and LCAP, as well as the district's current year LCAP. Participants were given a very brief overview of the metrics that are used to measure LCAP progress.

A summary of the feedback provided by specific stakeholder groups.

The board gave input that they were pleased with the focus and direction of the LCAP and encouraged the district to effectively implement the plan. The board held a Public Hearing on 6/10/2021 and approved the final version of the LCAP on 6/24/2021.

The administration team's feedback was primarily to discuss how to implement the LCAP and what specific priorities from the various stakeholder groups were more readily achievable and based on this to provide a direction for the goals and actions within the LCAP.

The LCAP Committee is serving as the advisory body to the superintendent with regards to edit and revisions of the LCAP. Any suggestions given by this committee were taken under advisement and if possible were incorporated into the Final LCAP.

The DELAC had several questions which were answered and a few comments for the plan. Any suggestions given by the DELAC were taken under advisement and if possible were incorporated into the Final LCAP.

The LCAP Annual Update Committee provided information on the progress, successes and challenges of the previous year's plans. While this committee did not provide specific feedback regarding the coming years' LCAP, the information from this group was used by administration and the LCAP Committee to inform the goals and actions in the LCAP.

A description of the aspects of the LCAP that were influenced by specific stakeholder input.

CJUSD values the significant role that all stakeholders played in contributing to the development of this LCAP. The process used for stakeholder engagement is reflective of CJUSD's commitment to all members of the school community. The input of stakeholders was essential in the review of data and especially in soliciting ideas regarding the future direction of the district including goals and actions for the LCAP as well as which metrics to focus on for measuring success. The following traits and actions were cited repeatedly by multiple stakeholder groups signaling the importance attached to these and the desire to see these reflected in the LCAP.

Traits:

- College / Career Ready
- Communicators (Active listener, articulate speaker)
- Self Disciplined
- Critical Thinker (Analytical, Independent)
- Academically Proficient (Reading, Writing, Math)

The traits College / Career Ready and Academically Proficient (Reading, Writing, Math) helped to inform the development of goal 01. The traits Critical Thinker (Analytical, Independent) and Self Disciplined helped to inform the development of goal 02. These two goals are:

- 01: Ensure that all students can demonstrate proficiency in math and literacy skills for multiple College and Career Readiness options using both in-person and distance learning instructional opportunities.
- 02: Develop the physical, and social-emotional health of students in a physically, socially and emotionally safe environment causing connectedness with the district to increase.

Actions:

- Provide more enrichment opportunities.
- Provide more socialization activities.
- Provide more elective classes.
- Provide more opportunities for presentations and public speaking.
- Provide more leadership classes and opportunities.

The suggested actions listed above helped to inform the development of the following actions within the LCAP.

- 01.06: Continue the enriched in-school and after-school CCR programs at the E.S. (i.e. school visual and performing arts, digital media, assemblies, local artists etc.)
- 02.06: Provide funding for athletic programs. (transportation, fees, equipment, uniforms, coaches and A.D. stipends, etc.) - The LEA plans to have a full complement of sports starting after the semester break.
- 02.07: Continue to provide socialization and school connectedness activities like dances, parties, community service projects to assist students in building leadership opportunities and social skills

Goals and Actions

DRAFT

Goal

Goal #	Description
01	Ensure that all students can demonstrate proficiency in math and literacy skills for multiple College and Career Readiness options using both in-person and distance learning instructional opportunities.

An explanation of why the LEA has developed this goal.

Analysis of student performance on CAASP showed that at most 16.7% of students are proficient in both RLA and Math. Stakeholder focus groups showed that having students be academically proficient in reading, writing and math as well as being college or career ready were top priorities for a majority of stakeholder groups. We plan to improve RLA and Math skills performance by closely monitoring metrics 4.A.1 - CAASP ELA, 4.A.2 - CAASP Math, 4.D Progress Towards English Proficiency.

Goal

DRAFT

Goal # Description

An explanation of why the LEA has developed this goal.

Analysis of data such as the Chronic Absenteeism Rate (11.3%) showed that engagement and connectedness with the school can increase. Stakeholder focus groups showed the desire to have students be college and career ready and to be more self-aware / responsible. CJUSD plans to improve the outcomes on the Chronic Absenteeism Rate and the Suspension Rate over the course of this plan.

Goal

Goal #	Description
03	Parent and community participation in and connectedness with the schools will increase.

An explanation of why the LEA has developed this goal.

Analysis of the *ESE District Parent Survey* data shows that 64.7% of parents agree that the district seeks parent input. Stakeholder focus groups showed the desire of parents to have students be more academically proficient, emotionally healthy and college career ready. While these parental desires will not translate into actions under this goal they will be found in goals 1, 2 and 3. To this end the district will focus on increasing the % on the *District Parent Survey* agreeing that district seeks parent input and increasing the # of unduplicated student parent participations in school programs per UDS.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcomes for 2023-24
3.A.1: Increase the % on the <i>District Parent Survey</i> agreeing that district seeks parent input (Item 24) to	64.7%				70.0%

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Percentage to Increase or Improve Services:

Increased Apportionment based on the Enrollment of Foster Youth, English Learners, and Low-Income students

22.82%

\$464,930

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

The Cuyama Joint Unified School District has an unduplicated student percentage of 88.1%. Because the percentage of unduplicated students is so high the stakeholders agreed that the following actions / services will be provided LEA-wide. The list below has the action in italics followed by an explanation of how the needs of unduplicated students were considered first, and how these actions are effective in meeting the needs of these students.

01 01: Staff additional classrooms with teachers that are appropriately assigned and fully credentialed according to small district requirements, to minimize combo classes at the ES and to provide additional periods at the HS in ELA, ELD, and Math designed to provide support for unduplicated students. (FTE @ \$95,990 / FTE) Unduplicated students are better served by minimizing the number of combo classes. The district will have a number of combo classes, but using S&C funds to minimize these classes will allow for more individualized grade level appropriate instruction. Because the unduplicated population is 79.9% of the district this action has to be delivered LEA-wide.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

The Cuyama Joint Unified School District LCFF Supplemental / Concentration Grant is projected to be \$464,930.00. The percentage of unduplicated students is 88.1% and the increase in proportionality for English Learners, Low income, and Foster Youth (unduplicated) students is 22.82%. Stakeholder groups provided input and feedback on the most effective use of these dollars to meet the LEA's goals for unduplicated students. The list below has the actions / services that are being increased or improved in italics followed by an explanation of how the each action is increasing or improving services for unduplicated students.

- 01 01: Staff additional classrooms with teachers that are appropriately assigned and fully credentialed according to small district requirements, to minimize combo classes at the ES and to provide additional periods at the HS in ELA, ELD, and Math designed to provide support for unduplicated students. - The district's base program would provide for 8.375 FTE teachers which would provide a student to teacher ratio of approximately 25:1; however, because of the small nature of the district this would create more combo classes than are already present in grades TK-5 and would limit the elective and CCR offerings at the MS and HS. The district will use S&C funds to reduce class sizes limiting combo classes in grades TK-5 while also providing more teachers at grades 6-12 for additional support periods and for intervention.

- 01 03: Staff a Program Coordinator position that will run the: EL Program, RTI program, Assessment Program, ASES program. This position will be the district lead on intervening with Pupil learning loss at the K-8 level. - The RTI Program, and the EL Program, along with the after school program, primarily support the EL, LI, and FY student groups. These programs are additional programs above and beyond the core program. Additionally the direction and assistance of this position provides for a significantly improved delivery of service to the EL and LI populations.

Action Without Expenditures:

If an action does not have an associated expenditure a "\$0" is placed in the *Budget Amount* column and a "-" is placed in both the *Source* field and the *Reference* field.

LCFF and LCFF Supplemental and Concentration:

If an expenditure is budgeted with supplemental and concentration funds it will have a 'LCFF, S&C' in the *Source* field. If the expenditure is budgeted with Base funds it will have only 'LCFF' in the *Source* field.

Metric 2.A: Implementation of SBE adopted standards for all students:

This is a number taken from the ESE LCAP Teacher survey in which teachers are asked to use their best professional judgement to determine how much of their instruction is rigorously aligned to the current CASS in the four core subject areas.

Metric 2.B: Implementation of SBE adopted EL standards for all ELs:

This is a number taken from the ESE LCAP Teacher survey in which teachers of ELD are asked to use their best professional judgement to determine how much of their instruction is rigorously aligned to the current CA ELD Frameworks in the four core subject areas.

Metric 6.C: District School Climate Survey overall Index rating:

This is an annual survey that the district administers at least every other school year. All sub-groups: certificated staff, classified staff, parents/community, and students are surveyed. The survey measures impressions of both school safety and the schools' social-emotional environment. An index score of 80% or higher is be deemed as satisfactory.

Metrics that are N/A (Not Applicable):

Metrics that have an "N/A" were deemed to be inapplicable because either the mobility rate is too great or the sample size of the student population is too small respectively to make this data valid for year over year comparisons, or the district was unable to collect data in a given year.

Metrics that are N/D (No Data):

Metrics that have an "N/D" have no data reported on the CDE CA Dashboard or other relevant CDE websites.

Metric 7.A: % of students enrolled in required courses of study

The CCSESA LCAP Approval Manual list the following for 7.A: "A broad course of study that includes all of the subject areas described in Section 51210 and Section 51220(a) to (i), as applicable." Because CDE provides no specific calculation to determine this metric the district developed the following.

The calculation for this metric is: the number of students in the district that are enrolled in the appropriate RLA, Math, Science, Social Science, and P.E. classes to ensure they are on track to either graduate (high school) or advance to the next grade level and divides them by the number of students in the district. This is expressed as a percentage.

Metric 7.B: % of unduplicated students participating in programs or services for unduplicated students:

The CCSESA LCAP Approval Manual list the following for 7.B: "Programs and services developed and provided to unduplicated pupils". Because CDE

provides no specific calculation to determine this metric the district developed the following. The calculation for this metric is: the number of unduplicated students who participate in programs targeting unduplicated students for support divided by the number of unduplicated students in the district. This gives a number that is the number of programs of participation per unduplicated student.

Metric 7.C: % of exceptional needs students participating in programs or services for students with exceptional needs:

The CCSESA LCAP Approval Manual list the following for 7.B: "Programs and services developed and provided to individuals with exceptional needs". Because CDE provides no specific calculation to determine this metric the district developed the following. The calculation for this metric is: the number of exceptional needs students who participate in programs targeting exceptional needs students for support divided by the number of exceptional needs students in the district. This gives a number that is the number of programs of participation per exceptional needs student.

The LEA uses an internally developed self assessment tool to measure the implementation of the CA State Academic Standards (CASS). The survey is taken by each teacher in a facilitated focus group environment. This setting allows the teachers to ask clarifying questions of the facilitator and each other. The self assessment tool asks questions about the number of students taught, how many have the most current CASS aligned curriculum, and what percentage of instruction in the various content areas is rigorously aligned to the most recently adopted CASS.

The LEA chose this particular tool because it focuses on the implementation of standards in the instructional process and gives the district one number to simply and effectively measure annual progress. In addition this tool was developed before the CDE's self-reflection tools and thus provides annual growth going back three academic years.

The 2019-20 and 2020-21 average response to the question, "Of the daily instruction your students receive from you, what percentage is rigorously aligned to the current CASS in your content area." was respectively, N/D and 89%. The 2019-20 and 2020-21 average response to the same question, but for ELD instruction only was N/D and 96%, respectively.

The parent survey was administered to a random sample of parents in all grades served by the LEA during the spring of 2021. The sample included 29 responses in an LEA with an estimated family count of 102 for a response rate of 28.4%.

The key findings of the survey were:

1. Parent Input: 55.2 of parents agreed with the statement that, The school or district actively seeks the input of parents before making important decisions.
2. Parent Participation: 73 agreed with the survey statements suggesting that, the district provides multiple forms of support to parents.

The LEA chose this parent survey tool because it is based on research by Michael Krist SBE President on what effective districts do to involve parents. It has also been used by the district for 4 years of LCAP, so there is longitudinal data to compare growth.

The survey assists the LEA in measuring the outcomes of goal 03 Parent and community participation in and connectedness with the schools will increase.

Priority 3 CDE Self Reflection Tool:

1. Rate the LEA's progress in developing the capacity of staff (i.e. administrators, teachers, and classified staff) to build trusting and respectful relationships with families

2. Rate the LEA's progress in creating welcoming environments for all families in the community.

3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.

4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.

1 2 3 4 5
| | | | |

Although translators are always available for parents, the LEA does little to help with communication between teachers and families. Families do not always feel welcome by some board members.

An area of focus could be to Invite families to school site activities which reflect the cultures of the families.

Priority 3 CDE Self Reflection Tool:
Section 2

5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.

6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.

7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.

8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.

The district needs to do a better job of building partnerships with families.

10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.

11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.

12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.

The school board encourages input but is not always able to act upon this input.

Priority 6: x

Local educational agencies will provide a narrative summary of the local administration as analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K-5, 6-8, 9-12). Specifically, local educational agencies will have an opportunity to include differences among student groups, and for surveys that provide an overall score such as the California Healthy Kids Survey report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey that are particularly relevant to school safety and connectedness (3000 character limit) 568

The *CHKS climate survey* was administered to grades 5, 7 by the LEA during the spring of 2019.

Two questions that were of particular import to the LEA in evaluating priority 6 were:

1. The questions relating to school connectedness. These questions differ slightly at each grade level, but they measure students' sense of connectedness to the school. 75.5% of students say they feel connected with their school.

2. The questions relating to school safety. These questions measure whether students feel safe at school. 57% of students say they feel safe at school.

Score

Priority 7: X 100%

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served.

(3000 character limit) 532

The district developed a self evaluation tool to determine the percentage of students (including unduplicated and exceptional needs students) that have access to each required course of study. This percentage is evaluated at each grade level and for each required course of study per Ed Code EC 51210 and 51220. These percentages are then aggregated to give the district a percentage score on the access that students have to the broad course of study. The self evaluation tool for the 2020-21 school year gave a score of 100%.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to and enrollment in a broad course of study. LEAs may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (3000 character limit) 418

The self evaluation tool for the 2020-21 school year gave a score of 100%. There is only one site per grade range; therefore, there are no access differences across sites. It was the determination of the district while using the self evaluation tool, that both the unduplicated sub group and the students with exceptional needs sub group had the same access to the broad range of study that the general population had.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students.

(3000 character limit) 275

One large barrier to providing a broad course of study to all students is the limited number of teachers within the district. With only 0.00 teachers for grades TK-12 it is a challenge to provide adequate access in areas like foreign language and applied and performing arts.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (3000 character limit) 311

The district will work to increase student access to visual and performing arts and career technical education and physical education by using a combination of outside groups and staff to deliver instruction in these areas. The district will also increase dual enrollment classes with local community colleges.

Report on the Financial Statements

We have audited the accompanying financial statements of the Bond Building Fund of the Cuyama Joint Unified School District (the District), as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Bond Building Fund's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of the Bond Building Fund in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for the Bond Building Fund are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position and results of operations for the Bond Building Fund of Cuyama Joint Unified School District, as of and for fiscal year ended June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Bond Building Fund and do not purport to, and do not, present fairly the financial position of the Cuyama Joint Unified School District, as of June 30, 2020, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 4, 2021 on our consideration of the Cuyama Joint Unified School District's internal control over the Bond Building Fund's financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of Proposition 39, as incorporated in the California Constitution Article 13A, we have also issued our performance audit report dated February 4, 2021 on our consideration of the Bond Building Fund's compliance with the requirements of Proposition 39. That report is an integral part of our audit of the Proposition 39 Bond Building Fund for the fiscal year ended June 30, 2020 and should be considered in assessing the results of our financial audit.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Policies

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Auditing Standards Board (GASB) and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants (AICPA).

Fund Structure

The Statement of Revenues, Expenditures, and Changes in Fund Balance is a statement of financial activities of the Bond Building Fund related to the current reporting period. Expenditures of the various funds frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, these statements do not purport to present the result of operations of the net income or loss for the period as would a statement of income for a profit-type organization.

Basis of Accounting

The Bond Building Fund of Cuyama Joint Unified School District is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, that is, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received, or services rendered).

Cash in the County Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31 and the external pool is not valued according to GASB Statement 72.

Budget

The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual includes a column entitled "Budget". The amounts in this column represent the budget adopted by the Board and all amendments throughout the fiscal year.

Capital Assets and Long-Term Liabilities

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Bond Building Fund are determined by its measurement focus. The Bond Building Fund is accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of "available spendable resources." Thus, the capital assets and long-term liabilities associated with the Bond Building Fund are accounted for in the basic financial statements of Cuyama Joint Unified School District.

NOTE 2 – BONDED DEBT

On July 7, 2016, \$6,000,000 in general obligation bonds were authorized by an election held within the Cuyama Joint Unified School District. The proceeds are to be used to improve the quality of education with funding that cannot be taken by the State, repair/replace leaky roofs; make health, safety and security improvements, upgrade inadequate electrical systems, improve student access to computers and modern technology, and modernize 50-year old classrooms, restrooms, and buildings.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Trustees
The Citizens' Oversight Committee
Cuyama Joint Unified School District
2300 Highway 166
New Cuyama, CA 93254

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Bond Building Fund of Cuyama Joint Unified School District (the District), as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 4, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON
PROPOSITION 39 COMPLIANCE REQUIREMENTS**

The Board of Trustees
The Citizens' Oversight Committee
Cuyama Joint Unified School District
2300 Highway 166
New Cuyama, CA 93254

We have conducted a performance audit of the Measure Q General Obligation Bond Program of the Cuyama Joint Unified School District's (the District) compliance with the California Proposition 39, as incorporated in Article 13A of the California Constitution and Education Code Section 15264 et seq., for the fiscal year that ended on June 30, 2020. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our performance audit.

We conducted this performance audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

The attached performance audit report as referenced in the table of contents presents the objectives, scope, and methodology of the audit. The performance audit report also includes the results of our performance audit and conclusion.

We have audited the financial statements of the Measure Q General Obligation Program for the fiscal year ended June 30, 2020 and have issued our report thereon dated February 4, 2021. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In our opinion, the Measure Q General Obligation Bond Program complied, in all material respects, with the aforementioned requirements during the fiscal year that ended on June 30, 2020. This report is intended solely for the information and use of the District's Governing Board, the Measure Q Citizens' Oversight Committee, management, others within the entity, and the taxpayers of Templeton Unified School District and is not intended to be and should not be used by anyone other than these specified parties.

OBJECTIVES

The objectives of our Performance Audit were to:

Document the expenditures charged to the voter approved 2016 Series A General Obligation Bonds and 2019 Series B General Obligation Bonds. Determine whether all expenditures for the fiscal year ended June 30, 2020, charged to the Building Fund have been made in accordance with project budgets and guidelines. Note any incongruities or system weaknesses and provided recommendation for improvements.

SCOPE OF THE AUDIT

The scope of our Performance Audit covered the period from July 1, 2019 through June 30, 2020. The expenditures tested included all object and project codes associated with the Bond Projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources were not included with the scope of our audit. Expenditures incurred subsequent to June 30, 2020, were not reviewed or included within the scope of our audit.

BACKGROUND INFORMATION

On July 7, 2016, \$6,000,000 in general obligation bonds were authorized by an election held within the Cuyama Joint Unified School District. A Citizens' Oversight Committee was appointed to comply with the California Constitution and Education Code. The purpose of the Committee is to inform the public at least annually regarding the appropriate use of the bond proceeds. In 2016, the first series of bonds in the amount of \$2,000,000 in General Obligation Bonds Series A were issued. In 2019, the second series of bonds in the amount of \$2,000,000 in General Obligation Series B were issued. The total proceeds from the Bond issuance were received by the District (less the original bond issuance costs) and are to be used to replace, expand, and construct school facilities and technology projects of the Cuyama Joint Unified School District. California Constitution, Article 13A, section 1 (b) (3) requires an annual performance audit be conducted to ensure that funds have been expended only on the specific projects publicized by the District.

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure summary reports and detail prepared by the District for the fiscal year ended June 30, 2020, for the Building Fund. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for all expenditures to ensure compliance with Proposition 39/Measure Q funding. We performed the following procedures:

- We reviewed the Bond Project publicized list of intended projects.
- We selected expenditures in the fiscal year ending June 30, 2020 and reviewed supporting documentation to ensure that funds were properly expended on the specific projects outlined on the publicized list and met the requirements for bidding, if applicable.
- We compared total project expenditures to budgets, to determine if there were any expenditures in excess of appropriation.
- We verified that funds were used for the construction of school facilities and were not used for salaries of school administrators or other operating expenses of the District.

RESULTS OF PROCEDURES

The District put forward the numerous projects listed below, to replace, expand, and construct school facilities and technology projects, with the use of bond funding. The District incurred total costs of \$1,145,754 during the fiscal year ended June 30, 2020:

Project	Budget	Actual	Variance
High School HVAC/Flooring	\$ 159,831	\$ 132,109	\$ 27,722
High School Pool Demo/Fill	377,300	375,747	1,553
High School Electrical	400,000	622,271	(222,271)
Elementary School Monument	10,000	9,409	591
Project-Wide (non-Capital Project-Specific)	7,000	6,218	782
	<u>\$ 954,131</u>	<u>\$ 1,145,754</u>	<u>\$ (191,623)</u>

The projects have been given a specific project identification number within the District's Building Fund. Budgets for these projects are created and tracked for the whole project rather than on an annual basis.

The following outlines the results of testing related to material expenditures incurred as of June 30, 2020.

High School Flooring/HVAC:

Flooring and HVAC upgrades were made at the High School.

Current fiscal year expenditures appear appropriate to the project.

Elementary School Monument

A new concrete monument sign was made at the Elementary School.

Current fiscal year expenditures appear appropriate to the project.

High School Pool Demolition/Fill

Asbestos abatement, demolition and backfill of the abandoned pool at the High School.

Current fiscal year expenditures appear appropriate to the project.

High School Electrical

Upgrades of the electrical system infrastructure at the High School.

Current fiscal year expenditures appear appropriate to the project.

There were expenditures in excess of appropriations for the High School Electrical project. The project is budgeted on the basis of the whole project and more work was done by June 30, 2020 than anticipated in the annual budgeting.

CONCLUSION

Based on the procedures performed, we found that for the items tested, the Cuyama Joint Unified School District had properly accounted for the expenditures of the Proposition 39/Measure Q General Obligation Bonds. Further, it was noted that the funds were not used for the salaries of school administrators or other operating expenditures.

Memorandum of Understanding (AB 86 – Expanded Opportunities Grant)

This Memorandum of Understanding (MOU) is entered into by the **Cuyama Joint Unified School District** (the "District") and the **California School Employees Association and its Cuyama Chapter #288** (the "Association" or "Exclusive Representative"). The parties have entered into this MOU to reflect the agreement reached based on the AB 86 criteria that the District spend 10% of the one-time Expanded Learning Opportunity grant (2021-2022) that the district receives on instructional assistants during the 2021-2022 school year.

The association enters into this MOU on its own behalf as well as on the behalf of classified employees who are members of the bargaining unit represented by the Association in its role as the Exclusive Representative.

Terms

The District and the Exclusive Representative agree as follows:

1. The Parties negotiated this MOU on May 4, 2021. The District (per state guidelines) is required to spend 10% (estimated amount is \$18,000.00) of the one-time Expanded Learning Opportunities grant that it receives (2021-2022) (total grant estimated at about \$180,000.00) on instructional assistants to support students during the 2021-2022 school year. These are one-time funds for the 2021-2022 school year, and therefore, this agreement will end June 30, 2022.
2. The District currently employs (5) instructional assistants who work a variety of hours.
3. Once the Board approves the one-time Expanded Opportunities grant for 2021-2022, and upon confirmation that the district will receive the funds, the District will offer additional hours (up to a total of 6.5 total daily work hours) to the current instructional assistants based on their seniority date. The additional hours offered will be on a voluntary basis. Each instructional assistant will decide whether they will accept or decline the additional hours offered.
4. The District will hire additional instructional aide support for the 2021-2022 only with any remaining funds that may be available through the 2021-2022 grant.
5. The District may consider a summer 2022 program if the district has Expanded Learning Opportunity grant funds available after June of 2022.
6. This MOU does not establish a precedent or create a past practice in regard to the subject matter set forth herein.

7. The undersigned Parties represent they have read and understand the terms of this MOU and are authorized to execute this MOU on behalf of their principals.

Tentative Agreement

By affixing their signatures to this MOU, the District and Association acknowledge the matters set forth above are fully executed. This MOU shall be binding upon their heirs, successors, devisees, administrators, employees, executors, and assigns of the Parties hereto. This MOU will be effective upon ratification by CSEA membership and subsequent approval by the Board of Trustees.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. Entry required

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

1. Carry-forward adjustment from the second prior year	<u>0.00</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (8.32%) times Part III, Line B19); zero if negative	<u>79,892.85</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (8.32%) times Part III, Line B19) or (the highest rate used to recover costs from any program (8.32%) times Part III, Line B19); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>79,892.85</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>79,892.85</u>

Approved indirect cost rate: 8.32%
Highest rate used in any program: 8.32%

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

The ratio is skewed due to A3 charter ADA included in third prior year calculation. Additionally, the ADA hold harmless for 202-2021 affects ratio as the actual enrollment in 2020-2021 declined.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

The District must select which LCFF revenue standard applies.

- 1a. STANDARD NOT MET - Projected change in LCFF revenue is outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard(s) and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation:
(required if NOT met)

ADA hold harmless provision expires in 2020-2021. ADA decline will be recognized in the 2022-2023 year, therefore LCFF revenue decreases.

5. CRITERION: Salaries and Benefits

8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Unrestricted deficit spending has exceeded the standard percentage levels for two or more of the previous three fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budgets, and what change, if any, will be made to ensure that the subsequent budgets are balanced within the standard.

Explanation:
(required if NOT met)

2018-2019 deficit spending is related to the A3 charter schools closures and non-collection of budgeted oversight revenue. In 2020-2021, district made an unrestricted general fund transfer out for a contingency and reserve balance account. This transfer increased the deficit in addition to the receipt and expenditure of one-time ESSER/CARES funds. In addition, district cafeteria required a greater operating transfer mainly due to a decline in revenue as a result of school closures during the Covid-19 pandemic.

9. CRITERION: Fund Balance

STANDARD: Budgeted beginning unrestricted general fund balance has not been overestimated for two out of three prior fiscal years by more than the following percentage levels:

Percentage Level ¹	District ADA
1.7%	0 to 300
1.3%	301 to 1,000
1.0%	1,001 to 30,000
0.7%	30,001 to 400,000
0.3%	400,001 and over

¹ Percentage levels equate to a rate of deficit spending which would eliminate recommended reserves for economic uncertainties over a three year period.

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Unrestricted general fund beginning fund balance has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

In 2019-2020, district began the year with a lower beginning fund balance due to the closure of the A3 charter schools and a projected loss of approximately 300K in revenue.

These taxes are managed, levied and collected by the County Treasurer(s) of the counties covered by the District's enrollment boundaries (chiefly Santa Barbara County but also includes Ventura and San Obispo). The Treasurer(s) are also responsible for transmitting the required principal and interest payments when they are due.
