2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Cuyama Elementary is a rural school serving students from a forty mile radius, covering three counties. It is located in the scenic Cuyama Valley, educating kindergarten through eighth grade students taught by six highly qualified teachers, one intervention teacher, and one special education teacher. Three instructional assistants work closely with teachers to address student needs and to try to close the learning gap of students.

Cuyama Elementary School is dedicated to the ideals of academic excellence and to the personal and social development of our students. Academic integrity is fostered in a climate which respects the unique needs of each individual. Our students develop a positive self-image, respect for the rights of others, and the ability to communicate effectively, think critically, meet

2025-26 School Description and Mission Statement

challenges, and accept responsibility. Cuyama has the following expectations consistently reinforced in all classrooms and areas of the school: Be Responsible, Excel Together, Actively Participate, Respect All, and Safety First.

Our staff is continually looking to meet the needs of our students, thirty percent of whom are English Learners, and eighty-three percent who are socioeconomically disadvantaged. Meeting those particular students' needs have been a focus of staff professional development. One of Cuyama Elementary's greatest strengths is the small class sizes. Students are respected learners at our school and develop personal connections with staff.

Family involvement is increasing at Cuyama Elementary slowly as we have come out of the Covid-19 pandemic period. Parents are active members in School Site Council, the English Learners Advisory Committee, the District Advisory Council. Active parents also support our students. There is a high participation rate in parent-teacher conferences and campus events. We are continually seeking avenues to encourage more family support. We are working on a schools community implementation 5-year grant year 2 to support our students and families as the schools are community hubs. Due to this grant we have a district counselor that supports all schools.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Cuyama Joint Unified School District chooses its texts and materials from the list most recently adopted by the State Board of Education. Students have textbooks from the most current lists and textbooks are aligned with the California Common Core State Standards. The district, in accordance with the Williams Review, has ensured that all students have all textbooks and materials, and that they may take them home. Cuyama Joint Unified School District adopted a new English Language Arts curriculum in 2016, Mathematics in 2015, History/Social Science TCI curriculum in the 2019-2020 school year and California Inspire Science curriculum in 2022.

School Facility Conditions and Planned Improvements

Cuyama Elementary School is situated on 20 acres, and includes two large grassy playgrounds and fifteen regular classrooms. A new science lab for middle school was completed and the school received a new roof and paint in 2003. Additionally, new doors were installed to meet handicapped regulations, and the fire alarm system has been upgraded. New playground equipment was installed for the upper grades in the spring of 2002 and new playground equipment was installed for the primary grades in the summer of 2013. The driveway and parking lot was repaved in the summer of 2017. There is a Head Start Pre-School program housed on campus. There is space for baseball, soccer, football, and track activities, as well as a cafeteria/auditorium for performance events.

Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 90-100 percent on the categories of our evaluation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents have several excellent opportunities to participate in their student's education. Formal parent-teacher conferences are held annually, with informal conferences held as student needs arise. Parents may join the School Site Council (SSC), District Advisory Council (DAC), and the English Language Advisory Committee (ELAC) and these committees have taken on the CCSPP committee duties as well. All parents are welcome at the yearly meetings, and may contact the school office for dates. Many campus events are planned with parent engagement in mind. These include the Winter Program, Halloween activities, and LCAP input sessions, and schools community input sessions. In 2024-2025, we held a very successful Winter Program and the Eighth Grade Dinner was also a huge success. A school garden is in the planning and early implementation stages and parents have been and continue to be an integral part of this learning lab. Parents are encouraged to be active participants in their child's education. It is expected that the garden planning will continue in 2025-2026. In addition, the Santa Barbara Botanical Garden grant will support Cuyama Elementary School in bringing back native Cuyama Valley Plants to our school garden. Parents are also involved in the First 5 early learning network meetings.

2025-26 School Safety Plan

A Site Emergency Plan (Revised January 2024) adopted on January, 2024, is on file, and earthquake, fire, and lockdown drills are held regularly. While we pride ourselves on our safe community, we ensure that emergency response procedures are in place. Faculty, staff, and students are trained to exit the school buildings safely. Staff and administration worked collaboratively to develop an updated lockdown procedure with successful implementation. Classified staff members are also trained to assist in case of an emergency. Staff is on duty and assigned to monitor all students both in classrooms and on the playground. In addition, the district annually reviews the Site Emergency Plan every January of each year. We do have new staff each year and we want to keep the plan updated with our current staff. In addition, we also assign responsibilities to staff members when there is an emergency.

The safety of students and staff is the primary concern of Cuyama Elementary. The school is aware of and complies with laws and regulation regarding hazardous materials. Laboratory supplies are carefully housed, and their use is diligently monitored. A regularly scheduled maintenance program ensures classrooms, restrooms, and other facilities are kept in good condition.

Professional Development

Based on student data evaluation and teacher input, the focus for 2023-2024 was developing teacher skills in the area of social-emotional learning, with the main emphasis being on Universal Design for Learning (UDL). Support has been provided by the Santa Barbara County Office of Education in the form of individual coaching, after school workshops, and conference attendance. Grade level span monthly meetings are conducted to reflect on practice and student data, with the opportunity for colleagues to provide support to each other. Grade level meetings and Professional Development was conducted in person and via Zoom for the 2023-2024 school year.

Teachers meet frequently to discuss data via Zoom and in person at times. In moving forward with the 2024-2025 school year, educators are continuing to deepen their knowledge of UDL, and discovered more about the Social Emotional Learning components of UDL. One-on-one coaching is still a practice, along with after school workshops that are planned for the second semester of the year.

Cuyama Elementary School has continued to develop and deepen practices with on-going professional development in the realms of MTSS, Social Emotional Learning, and UDL for the 2023-2024 and 2024-2025 school year. Professional development was added to support teachers working with social emotional students with one-on-one coaching sessions provided by the Santa Barbara County Office of Education.
