## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

### 2025-26 School Description and Mission Statement

Sierra Madre Continuation High School is an alternative program that strives to provide educational support for students by offering a program designed to meet individualized student needs. Our goal is to make every student successful in obtaining a high school diploma, preparing for the completing the requirements to earn a continuation high school diploma, and/or returning to a traditional high school setting. We make every effort possible to recognize a student's individuality and work with them to improve their potential to have the very best possible future, both personally and as a productive citizen.

Students are offered an individualized approach that requires them to assume more responsibility for their education. A great deal of thought has gone into establishing a program that provides students with the opportunity to achieve a practical and

effective high school education.

Sierra Madre Continuation High School is designed to include students who for reasons of health, social skills, emotional development, or other reasons that will be considered. Certain characteristics provide us with a better understanding of the fundamental objectives of a continuation/alternative education high school. The characteristics listed below are not all-encompassing, but do help to explain the basic education philosophy of Sierra Madre Continuation High School:

Our highest priority is an individual approach to education. Each student is given as much personal attention as possible.

Guidance and counseling services are present in all aspects of the student's curriculum. Students will assume personal responsibility for their educational growth, and by doing this, will receive more rewarding accomplishments.

The staff believes that the well-planned use of short-term goals and frequent rewards will encourage students to move forward in their education. A strong emphasis is placed on the importance of open and honest actions between adults and students. Students' observations of adults provide one of the most lasting impressions for role modeling. The program had a limited number of students at Sierra Madre for the 2024-2025 school year (a total of 2 students who attended). The program is scheduled to have 3-4 seniors in 2025-2026 and may be down to zero for the 2026-2027.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Sierra Madre High School is in the process of updating all curriculum, selected from the most recent list of standards-based materials adopted by the State Board of Education. New English Language Arts curriculum, aligned with Common Core State Standards (CCSS) was adopted in the 2016/2017 school year. An integrated math program was adopted in 2018. New History/Social Science textbooks will be adopted by the end of the 2020/2021 school year. Science curriculum will be purchased as soon as it becomes available.

## School Facility Conditions and Planned Improvements

The main campus was built in 1957 and all facilities are in good working order. The electrical system was updated in 2020. In addition to regular classrooms, Sierra Madre Continuation High School has access to an administration building, library, full kitchen and cafeteria, and multipurpose gymnasium that are safe, clean, and provide adequate space for student and community activities. We have a computer laboratory, a weight room, and tennis courts.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district used a facility survey instrument developed by the State of California Office of Public School Instruction. The results of the survey are available at the school office or district office.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 98 and 100 percent on the categories of our evaluation.

### B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2024-25 Career Technical Education Programs

Sierra Madre High School students are focused on earning a high school diploma, and either entering the work force, join the Armed Services, or continuing their education. The instructor gives students individualized attention to help students reach their greatest potential and advises them on their future goals. Students are given ample opportunity to prepare for college and careers, which is integrated with their academic work. As Sierra Madre students, attending a shortened school day, they are not enrolled in CTE programs.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2025-26 Opportunities for Parental Involvement

Parents are encouraged to help their students be prepared for every school day, and to ensure that they attend regularly. Sierra Madre Continuation High School supports parents in their efforts to provide a designated time and place for homework, to seek open communication with teacher(s), and to respond to school requests for conferences. Parents can join the district School Site Council (SSC), district English Language Advisory Committee (ELAC) to become involved with Sierra Madre Continuation High School. The School Site Council and English Language Advisory Committee meet at least four times a year.

## 2025-26 Opportunities for Parental Involvement

to provide input on the LCAP and the Title I funding expenditures. These are excellent opportunities for parents to be involved in their student's educational experience.

## 2025-26 School Safety Plan

A Site Emergency Plan (Revised January 2024) and approved by the Board in January of 2024. This plan is on file (and on the Cuyama Joint Unified School District website), and drills for earthquake and fire are held regularly. While we pride ourselves on our safe community, we ensure that emergency response procedures are in place. Faculty, staff, and students are trained to exit the school buildings safely and are familiar with safe locations on campus. Teacher responsibilities regarding student safety are reviewed during each school year. Classified staff members are also trained to assist in case of an emergency. Staff is on duty and assigned to monitor all students both in classrooms and on the school grounds.

The school is aware of and complies with laws and regulations regarding hazardous materials. Laboratory and chemical supplies are carefully housed, and their use is diligently monitored. A regularly scheduled maintenance program ensures the one classroom, restrooms, and other facilities are kept in good condition.

## Professional Development

For the 2024-2025 school year, after examining student data and gathering teaching input, it was determined that staff development would focus on Universal Design for Learning (UDL) and social-emotional learning. Support has been provided by the Santa Barbara Office of Education with one-on-one coaching and after school workshops, along with conference attendance. Teacher frequently reviews data to plan instruction. In moving forward with the 2025-2026 school year, educator will continue to deepen his/her knowledge of UDL, and start the process of attending Professional Learning Communities (PLC's) meetings in 2025-2026, and have added discovering more about the Social Emotional Learning components of UDL. One-on-one coaching is still a practice, along with after school workshops. Teacher participates in the Multi-Tiered Systems of Support (MTSS) and will be expected to attend training in positive behavioral supports.

## Professional Development

Sierra Madre Continuation High School has continued to develop and deepen practices with on-going professional development in the realms of MTSS and UDL for the 2024-2025 and will continue to receive support in the 2025-2026 as needed and will start the process of the PLC meetings to better support students in 2025-2026. With the return to in-person instruction in 2021-2022, 2022-2023, 2023-2024, 2024-2025, and beyond, professional development was added to better support teacher and students by receiving sessions on Social Emotional learning. Most SBCEO PD was conducted in person for the 2024-2025 school year. Sierra Madre Continuation High School teacher participates with one-on-one coaching sessions provided by the Santa Barbara County Office of Education. Sierra Madre had up to (2) students enrolled in the 2024-2025 school year for in-person instruction. We had the Sierra Madre teacher providing personalized instruction to up to (2) students during the 2024-2025 school year. Sierra Madre is expected to have (4) Seniors enrolled in 2025-2026, and possible zero in 2026-2027.
